- Outdoor - Indoor - Security separate ring tones (melodies are fixed and cannot be changed.)

## GÖRÜNÜM

## MB- IF INTERCOM SYSTEM CONNECTION

**APARTMENT RING  
BUTTON**

## USE OF THE DEVICE

### 1. Answering calls from the outside door or other incoming calls

Your diaphone will ring when you receive calls from the outside door. If you want to answer, remove handset. Conversation time is 1 minute. If you press key button (  ), door open.

### 2. Incoming calls from the apartment door (inner ringer):

The ringer of the device rings when the apartment ring button is pressed. That means there's someone at the door.

### 3. Door call:

Remove handset and press (  ). You will connect door.

### 4. Doorkeeper call:

Remove handset and press (  ) button once. Ringing the bell of the doorkeeper. Conversation start when doorkeeper answered.

### 5. Guard call:

Remove handset and press (  ) button twice (in 1 second). Ringing the bell of the guard. Conversation start when guard answered.

### 6. Connecting to doors in multi-door apartments:

Remove handset and press button (  ) repeatedly (in 1 second). For example, If you press twice, you connect to room 2. You can connect to maximum 4 door.

### 7. Opening the outdoor with a password:

Password can be defined for each apartment separately.

#### TO DEFINE A DOOR OPENING PASSWORD:

Call the room whose password will be defined. Remove the handset and press (  ) button on the room. The person in front of the door panel enters 99 and then 4 digit opening password .

**99 + XYZT**

Note: Consecutive digits like 1234 or 5678 may not be assigned as password. If the door panel gives an error tone it means the password is not accepted.

Example; To define a door opening password to room number 2:

Call the room number 2. (Press 2 + ENT)

Remove the handset from room and press (  ) button.

Then enter 99 + 1453 from panel.

1453 becomes the password of room number 2.

#### **OPENING THE DOOR WITH THE PASSWORD :**

Enter 99 + 4 digit number (XYZT) password with keypad of the door panel.

Example; If the password (of any room) is 1453, you enter the following digits to the door panel:

**99 + 1453**

NOTE: If there is a mistake **CLR** key can be used to clear.

### **SOLUTION OF THE PROBLEMS**

- **NO CONVERSATION SOUND OR LOWER**

Check the connection cables. The device may not be receiving power.

- **IF THERE IS NOISE ON THE PHONE**

Check the telephone intercom connection.
